ANNOUNCEMENT.

THE publishers of the BUFFALO CITY DIRECTORY feel that they can justly view with pride the volume produced for the year 1893, and the very substantial growth of the city which its records unquestionably prove. The book, it is confidently believed, will in typography and arrangement compare favorably with any similar publication, if indeed it does not surpass all others. No possible care has been spared to make it a complete guide and indispensable book of reference for the use of the people of the Queen City of the Lakes and strangers who come within her gates.

The most notable feature of this year's DIRECTORY is the increase in the number of names, due to the exceeding care exercised in making the canvass, but more especially to the city's phenomenally rapid enlargement. The DIRECTORY of last year contained 1,141 pages of names of residents. This year's has 1,223, an increase of 82 pages, and aggregating a round 100,000. On the very lowest reasonable basis of estimate this indicates a population of 325,000.

Extreme care has been used to make the Street Directory perfect. On March 20th last, the Common Council changed the names of 132 streets, and at other times changes were ordered. These alterations are all correctly shown.

Conveniently indexed and with departments which embody a comprehensive showing of the interests of the city, the DIRECTORY will be found to give much useful information regarding the government of the city and county, the federal offices, the churches, schools, charitable and other institutions, both public and private; railroads, banks, clubs, fraternal and beneficial associations, etc. It is designed to be a DIRECTORY that will fitly represent the city and be of value to all. It will speak for itself.

BUFFALO

STREET AND AVENUE DIRECTORY.

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted, to wit: From the starting-point of the street, measuring along the line of the street, twenty feet; then making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building or a vacancy or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 490 **Main Street**, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

Sealed packages which, from their form and general appearance, *evidently are not letters*, and are not wrapped or inclosed as above required; publications which violate the copyright laws of the country of destination; packets, except single volumes of printed books, which exceed four pounds six ounces in weight; liquids, poisons, explosive or inflammable substances, fatty substances, or those which easily liquify; live or dead (not dried) animals, insects and reptiles; confections, pastes, fruits and vegetables which quickly decompose, and substances which exhale a bad odor; lottery tickets or circulars; all obscene or immoral articles, and other articles which may destroy or damage the mails, or injure persons handling them.

Articles other than letters, in their unusual and ordinary form, on their arrival at the exchange post-office of the country of destination, will be inspected by customs officers of that country, who will levy the proper customs duties upon any article found to be dutiable under the laws of that country. Dutiable articles received in the United States under this arrangement will be treated in accordance with the regulation upon pages 906 and 907 of the Postal Guide for January, 1893.

A letter or postal card that has been delivered to an authorized person, and by him redirected to another post-office, can be forwarded to its new address without prepayment of additional letter postage.

Newspapers, periodicals and miscellaneous mailable matter can now be remailed or forwarded by prepayment of original postage.

Advertised Letters.

Letters after remaining in this office one week are advertised. Such letters can only be obtained by calling for them as advertised letters, giving the date of the list and paying one cent for advertising. If not claimed within two weeks thereafter they are sent to the Dead-letter Office.

The following classes of letters are not advertised: Drop letters; letters bearing requests to be returned to writers if unclaimed; box letters; letters directed and sent to hotels, and then returned to the post-office as unclaimed—being for strangers; letters marked "To be held till called for," or *poste restante*.

MERCHANT'S GARGLING OIL LINIMENT | Cures Rheumatism, Bruises, Sprains, Cuts, Burns and Scalds, Chapped Hands, Lame Back, Mange in Dogs, Roup in Poultry.

Second Class—Matter of this class shall contain no writing, print or sign thereon, or therein, in addition to the original print, except the name and address of the person to whom the matter shall be sent, index figures of subscription book, either printed or written (which figures may indicate the number of copies sent), the printed title of the publication and the place where it is published, the printed or written name and address of the publisher or sender, or both (without the addition of any advertisement), and written or printed words or figures, or both, indicating the date on which the subscription to the matter will end, the correction of any typographical error, a mark (except by written or printed words) to designate a word or passage to which it is desired to call attention, the words, "Sample copy," when the matter is sent as such, and the words, "Marked copy," when the matter contains a marked item or article. And publishers or news agents may inclose in their publications bills, receipts, or orders for subscription thereto; but the same shall be in such form as to convey no other information than the name, place and subscription price of the publication to which they refer, and the subscription due thereon.

Third Class—On matter of this class, or on its wrapper or envelope, or on a tag or label attached, the sender may either write or print his own name, occupation and residence or business address, preceded by the word "from," and may make marks (other than by written or printed words) to call attention to any word or passage in the text, and may correct any typographical errors. There may also be placed upon the blank leaves or cover of any book or other matter of this class a simple manuscript dedication or inscription not in the nature of personal correspondence.

There also may be placed upon the envelope, wrapper, tag or label of matter of this class any printing that is not in its character, unmailable as third class matter, provided there be kept sufficient space for a legible superscription and the necessary postage stamps.

Fourth Class—With matter of this class, properly prepaid as such, the sender may inclose third-class matter; and he may write or print upon the cover, wrapper or label thereof his name, occupation, residence or business address, preceded by the word "from," and any marks numbers, names or letters for purpose of description. He may also print upon the same anything that is not unmailable as printed matter, and that is not in the nature of personal correspondence, provided there be left sufficient space for a legible superscription and the necessary postage stamps.

The rate of postage on newspapers and periodical publications of the second class, when sent by other than the publisher or news agent, is one cent for each four ounces or fractional part thereof.

Postal Cards.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required. The address may either be written, printed or affixed thereto, at the option of the sender. Anything else attached in any way to a postal card subjects it to letter postage.

Postal Rules.

A subscriber cannot re-mail his paper to another without prepayment of postage at transient rates.

Postmasters cannot deliver from their respective offices letters addressed and deliverable from other offices, except in case of letters addressed to discontinued offices nearest the office where such letters are held for delivery.

Money should not be inclosed in an ordinary letter.

Valuable letters should be carried to the Post-office and registered. If money is to be remitted, a Postal Money Order should be obtained. Money and other valuables sent by mail are at the owner's risk.

Head letters with the name of the writer's Post-office and State, street and number. Sign them with full name and request that answers be directed accordingly.

It is the duty of the Postmaster at the mailing office, as well as at the office of delivery, to carefully examine all printed matter, to see that is charged with the proper amount of postage, and to detect fraud.

When publishers inclose hand-bills with their newspapers in violation of the law, the Postmaster is required to rate up such packages with letter postage, according to the weight of the same, and, if not paid by the party addressed, to return them to the mailing office to prosecute the sender in the penalty of $5 in each case.

No extra postage charge is to be made for a card printed or impressed upon an envelope or wrapper.

The law limits the weight of packages to be sent by mail to four pounds, except single book issued by Congress.

The person entitled to receive letters by mail are those whose names are in the address, and delivery should be to the person addressed, or according to his or her order.

Letters addressed to a party deceased can only be delivered to his legal representatives. Letters addressed to a firm may be delivered to any member thereof.

Drop letters can only be forwarded upon the prepayment of one full letter rate of postage.

The Following Articles are Unmailable:

Letters which cannot be forwarded to their destination by reason of illegible or unintelligible superscription.

Letters upon which one full rate of postage has not been prepaid, and those covered by revenue stamps, by stamps previously used, or by stamps cut from stamped envelopes, and packages which exceed four pounds in weight.

Buffalo Law School.

Lecture Room at Buffalo Library Building, Washington cor. Broadway.

Organized June, 1887, incorporated February, 1891, is under the auspices of the Judiciary and the Bar of the City of Buffalo. The faculty and lecturers upon special topics are either judges now upon the bench, or lawyers in active practice, who will bring to the discharge of their duties ripe experience, made more valuable by their constant engagements in the decision and trial of the many new questions of law which arise in the practice of their profession.

It will be remembered that the Buffalo Law School was organized in the spring of 1887, as a department of Niagara University, by Hon. Charles Daniels, Hon. Charles Beckwith, and others of the most prominent members of the Buffalo bench and bar.

In the month of March, 1891, it severed its friendly relations with the University at Suspension Bridge. By a recent change in the organization of the School it has become allied to the University of Buffalo, as its Department of Law.

The advantages to the School are great: its power as an educational factor is recognized and approved by the leading educators of the State. Students taking their course of instruction in this department will receive the degree of Bachelor of Laws from the University of Buffalo.

The Trustees appointed by the Regents are as follows:

Hon. Henry A. Childs, of Medina; Hon. John S. Lambert, of Fredonia; John E. Pound, Esq., of Lockport; Hon. Safford E. North, of Batavia; Hon. Alfred Spring, of Franklinville; Hon. S. M. Norton, of Friendship; E. M. Bartlett, of Warsaw; Hon. Chas. Daniels, Leroy Parker, Esq., Hon. Charles Beckwith, Hon. George S. Wardwell, of Buffalo; Hon. Albion W. Tourgee, of Mayville; and Spencer Clinton, James Frazer Gluck, George Clinton, John G. Milburn, Adelbert Moot, Tracy C. Becker, Charles P. Norton, Carl T. Chester and E. Corning Townsend, of Buffalo.

Officers: Charles Daniels, Dean; E. Corning Townsend, Secretary and Treasurer.

The course of instruction to be followed will occupy two years' time. Each year will be divided into two terms of seventeen weeks each, beginning the first week in October and closing the last week in May. A post-graduate course will be arranged for those students who have graduated from the law department or wish to pursue special courses in advanced subjects.

The situation of the School at the City of Buffalo is a peculiarly favorable one. During most of the college year four Courts of General Jurisdiction are in session, in which the trial of important cases, often by distinguished counsel, are constantly in progress.

Special terms of the Supreme Court and of the Superior Court of Buffalo are held daily, at which judges sit to hear and determine questions touching almost every branch of the law. Terms of the United States Courts are also held in the United States Court rooms; two General terms of the Supreme Court and General terms of the Superior Court of Buffalo are held yearly.

Students will thus have the opportunity to observe the trial of causes before judges and juries, and to hear the argument of legal questions in appellate courts.

All communications should be addressed to E. Corning Townsend, Secretary and Treasurer, 34 White building.
